Bug 1: Currency Selector Does Not Update Product Prices

Title: Currency selector does not update product prices after switching currency

Type: Functional Bug

Severity: Medium

Frequency: Every Time

Environment: iPad – Safari Browser

Steps to Reproduce:

1. Go to <https://academybugs.com/>
2. On the right sidebar, open the “Select a Currency” dropdown.
3. Change the currency from USD to another option (EUR, GBP, JPY).
4. Observe product prices on the home page.

Expected Result:

Product prices should update to the selected currency with the correct currency symbol.

Actual Result:

Prices remain in USD and do not change.
